1. I love My University of The New Covenant. It comes forth in gold array not, not yet, not yet gold visible, but golden visible. And much more so. The foundation is laid deep and unshaken will be. Preparing many for My shaking, My University does. My school to birth schools comes forth in mighty raiment of only Me, My value systems, the values of My heart, the values of My kingdom; the details of how to enter My kingdom and do business here on earth. I love you, and I give you Me.
2. Nothing stands in the way of My University, My school to birth schools, My schools to birth forth freedom in the Priesthood of All Believers that now come forth to operate operating together, as I designed, as was My intention when created and creation was created; when man was brought forth from the earth. I love you. Tall claims not, but reality real.
3. Watch Me and invest. Watch Me invest. Watch Me vest Myself in My school of many schools, many lands, many peoples; many voices, all one voice coming forth: My voice. [For My school of schools, My University raises the academic excellence and scholarship of My body, that permeates My body, lets Me teach, lets Me speak in the classroom and honors Me above all others. I am the master teacher. I am the primary teacher](#), and also geeks revolve around Me.
4. I come and I call and I conquered doubt fear and unbelief that **there is an entirely different way to operate** in the kingdom of this world than what has been adhered to, in the way that success has been determined and interpreted and sought after and sought for.
5. I give you Me, for I give you My heart and in My heart, for My values and My systems and My principles, which so many want only. So many only want My principles, My help, anything that will please and propel them, in their own definitions of success and mammon-seeking. Not so with My school of schools, My University of My University to birth universities and schools which are universities and universities that are schools **and universities and schools that look nothing like universities and schools this day**. I am the righteous judge. I am king. I am his son and **I reclaim the educational system** of not-Me and bring forth revolutions mighty in many through My Mighty Many, My priesthood of all believers who operate with Me at their center, Me on their seat of authority. Today. Watch Me.
6. The University has classes like no other. [There is no competition for all want to maximize Me in Me, which is each other; for I am My body](#). I live and move and breathe in My body. And My body lives, moves, and breathes in Me. My body has been so limited; that, now, no longer.

7. My grading system is different in My University for My grades are given before one starts, for I have given all of Me into every single one; every single faculty, every single staff, every single student, who all three are one; and every single one is all three.
8. Please see what I have said and separate not. I am one, and **I am bringing forth people, the love of My heart, to operate globally and in leadership of education, commerce government, and yea, leadership, in every vocation that exists, and coming.**
9. Now hear Me, please hear Me well, open your eyes and ears to what I am doing and what I am saying in this new day, this region of Mine, that comes forth as a major light, to the nations and peoples of every single thought-train, to come forth; taught of Me, understanding who I am, who they are, why they are here, what they came for, and what My design upon their life is; and how to operate in two kingdoms simultaneously.
10. Watch Me, Tulsa changes. Watch Me. I bring forth the infrastructure governmentally, educationally, politically, to bring forth the infrastructure of My body replete. Watch Me. I give you Me.
11. September 15 ushers in a new era for Me, for daily classes began, and never end beginning something that was established long ago, very long ago. I give you Me now to heal the nations and operate in leadership that know My voice; and allow Me to speak in classrooms, boardrooms, meetings and presentations of all sorts, in every nature; first person Me speaking first-person. I will share first-person. I will speak directly to the hungry seeking heart who lets Me speak, and will come into Me for My wisdom, and know so happy I am to give My knowledge and understanding consummate.
12. **There is no lack in My body to do this.** My resources are unlimited. My purse is empty not.
13. I create. I speak. I create with word of My mouth.
14. I enter, I live in the kingdom of heaven, and the kingdom of heaven is now open upon the earth, all invisible not for all who will enter. The kingdom of heaven is predicated upon My father, My father's heart, My father's world, which yea, you are a part of when you allow yourself, which role you will play, My what you seek, and how much you limit Me; in your life, by what you say, what you think, who you listen to, in what you let come through you.
15. **The people coming to My University of The New Covenant understand that there is a new paradigm to operate in and that this is a new day: students as teachers and teachers as students that operate as one.**
16. There are requirements which are stringent, for this is a place of academic excellence; not alone, but life excellence, providing a plan, path, and processes to develop with excellence all that I have given each one: A new day.
17. Leadership writes. Leadership leads. Leadership speaks. Leadership listens to My word and those that I am My word, and listens to Me for My voice to come forth in writing, speaking, research and development, incubation mastering.
18. My school is tuition free and operates on the basis of mammon not.

19. There are no limits in Me, and I finally have a school that will teach by no limits and not be focused on rules and meeting accreditation standards set by these other than Me. I am the righteous judge. I am the Creator and I know the maximum potential of every person. And that is what I seek for My every student-teacher-participant. Educator school begin.

20. I love you and I give you Me in My way of operation for My school that comes forth mightily, yea at the crack of dawn not, but all coming September 15, and never seeing the day that the sun doesn't shine. **For I am light and life and My light and life now come through My student teachers in ways never imagined, for each is a student and each is a teacher; and each one teaches each other. For each one listens to My voice and conveys My voice, writes My voice, publishes My voice, and submits what they have written to Me, to Me in others to learn and mature, not being in an environment of disdain, but full disclosure, incubation, encouragement, joy and laughter; maturity-seeking and nation-building.**

21. I come forth at the sleight of hand not, but through My love, power, and authority; of which I've given to all. But so many slighted, having no idea of all I placed inside them as virgins carrying My life, My seed, My seed which will come forth, full-grown, and eat of the tree of life only and bring forth healing the nations and governments, educational operatives and missions never before thought of, in space and out.

22. **I began each course with that which will not choke nor overwhelm but that which will open the eyes of My spirit in each one to new realms and vistas developing their mastery of self not, but laying before each one in humility, their words in their life, their future in each other's hands; if they only knew, here they will know.** They will learn and operate in and learn how to operate together as I designed, bringing forth creations, patents, trademarks, systems of only Me, sustenance and sustained by My bread, My blood, My heart, My altogether of the kingdom of heaven, never fearing the kingdom of earth.

23. **The theme of My school is adventure and exploration; for static, nothing is. Completely new paradigms of learning, experiential learning, sharing, teaching, change, database development and usage, come forth.** The kingdom of heaven advances being let into the earth by My who come now from all four points and beyond to study at My school that requires disciplines in diligence and slackers none.

24. Many will not graduate rejecting the discipline, the diligence required, the death that brings life to the carnal greed and normal ascension of one's human mind to control all things and dictate to Me; submitting not to My of authoritarians, but submitting not to My humilitarians, placed in leadership by Me.

25. I give you leaders of humility, to humility walk in, in humility bring forth by the will of your surrender, the surrender of your will, surrendering your time to hear My voice and listen to the leaders, which on humility arise and lead forth in My words.

26. The world changes dramatically very quickly, extensively, almost incomprehensively. Please allow Me to share My all with you, and develop all that I have given you that is in you, and in those that I will bring to interact in life-integrated ways that I will give to the thirsty. Thank you.
